

Collett Greenville Tenant Representation

Tenant Representation

At Collett, we believe that tenant representation is more than just knowing where buildings are located. It is about being an expert in market trends in order to make strategic decisions for our clients. Our tenant representation services capitalize on our market knowledge to create leverage in negotiations.

Using our extensive knowledge of the market, industry relationships and in-depth analysis, we pursue sites that allow our clients to achieve optimal success for their businesses. By examining business objectives and guiding clients through each step of the leasing and purchasing process, we successfully place national, regional and local tenants in major markets across the Carolinas.
